

NURSING

INTERANTIONAL FOUNDATION YEAR

Edinburgh Napier
UNIVERSITY

At the Edinburgh Napier University, you'll learn from expert tutors in a friendly, supportive environment and put theory into practice using cutting-edge facilities like the Simulation and Clinical Skills Centre. You'll also gain hands-on experience through placements in both hospitals and community settings across the Lothian and Borders area—with 50% of the course delivered through real-world placement.

#1 modern university
in Scotland

Times Higher Education World
University Rankings 2025.

Health & Social Care
in Scotland with over 130 highly
trained staff.

YOUR JOURNEY TO A NURSING CAREER

You'll develop the essential skills required to demonstrate your eligibility for registration with the Nursing and Midwifery Council (NMC), alongside earning your degree. These include:

- Effective communication and problem-solving
- Strong professional values
- Safe and confident nursing practice and clinical decision-making
- Leadership, management, and the ability to work as part of a team
